

**A new way  
of life for your  
EDP operations**

**XEROX**

## The Unique, New Xerox 2400-IV

*The 2400-IV reproduces as many copies as you need of most continuous form computer reports on ordinary 11" x 8½" paper.*

*It gathers the report into sets ready for distribution.*

**Copies** 11" x 8½" (or smaller) computer/printer fanfold paper . . . same size . . . and

**Reduces** 15" x 11" print-outs to 11" x 8½" so that all reports are **uniform** and **standard** in size.

**Reproduces 40 sharp, legible copies a minute.** The last copy will be as crisp and clear as the first.

**Sorts Automatically** by means of a 10-bin *Sorter* that can accommodate a 150-page report. Additional 10-bin units can be added.

**Makes extra copies of individual pages** without interfering with the collating of the report . . . by means of a 500-page capacity *Systems Set Bin*.

**Eliminates the need for**

**Bursting**

**Special filing facilities**

**Special binders**

**Deleaving**

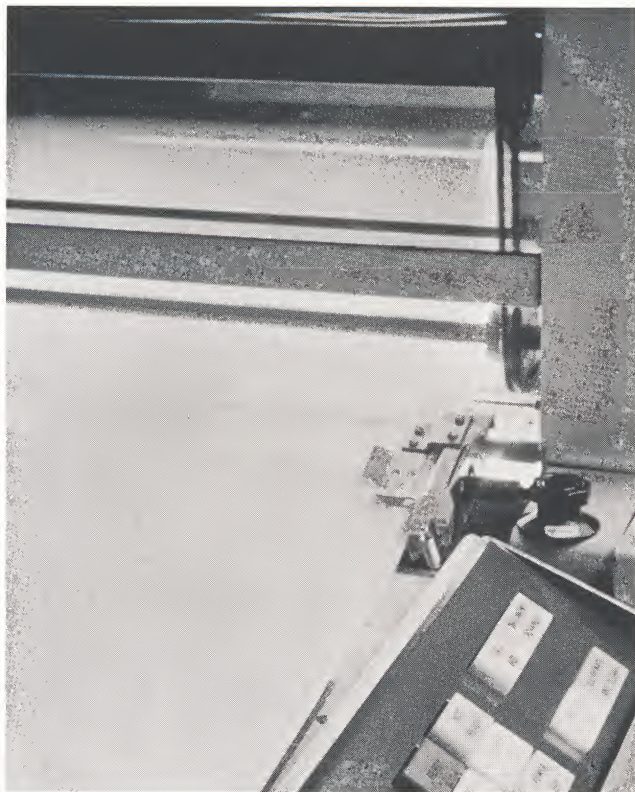

**Expensive computer re-runs**

**Reduces the number of printer set-ups.**

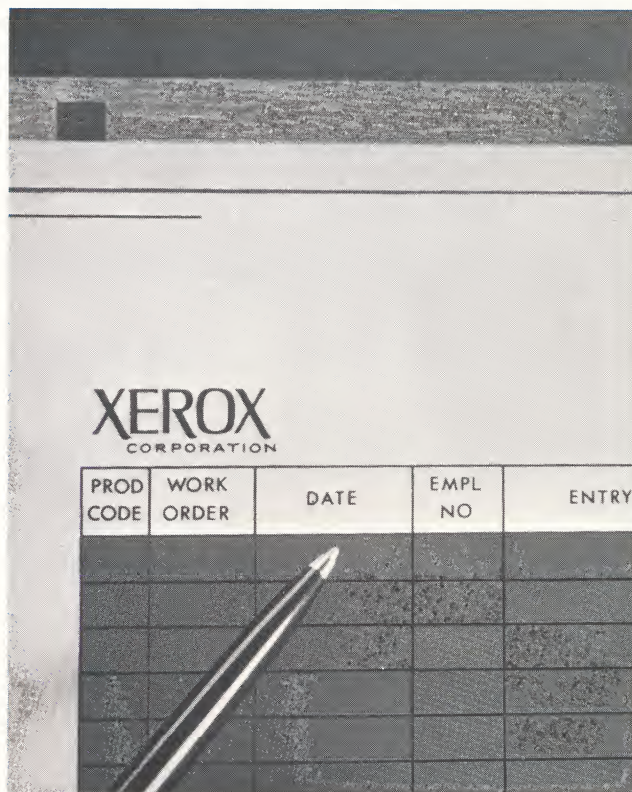

**Improves your percent of computer utilization.**

**Makes possible quick and inexpensive forms changes.** Through use of overlays, the 2400-IV will replace your preprinted forms on ordinary run-off paper. You go from blank paper to finished form simply by (1) laying out special forms on inexpensive transparent overlays, (2) mounting them on the 2400-IV, and (3) running off as many completed report pages as you need. Inventories of forms can be substantially reduced, effecting considerable savings.

**Easy to operate** . . . requiring only a minimum of instruction. You simply feed the fanfold paper into the transport mechanism on the top of the machine and key the desired number of copies into the control board.

*You simply feed the fanfold paper into the transport mechanism on the top of the 2400-IV and key the desired number of copies into the control board.*

*You can add headings and guidelines to improve appearance and readability through use of simple overlays.*

**Full Xerox service support** will be given 2400-IV users.

**Xerox will:**

**Train your people**

**Provide fast emergency service  
and complete preventive  
maintenance.**

You don't even have to buy the 2400-IV.

You can borrow it.

And the rental agreement has a 15-day cancellation clause.

For complete information on the new 2400-IV, contact your nearby Xerox office.

## Specifications

---

### Dimensions

Length: 142"  
(including 10-bin sorter and carts)  
Width: 31"  
Height: 51"  
Floor Area Required: Approximately  
8½ ft. x 16½ ft. plus 8½ ft. x 1 ft. for each  
additional sorter  
Weight: 1700 lbs. plus 100 lbs. for each  
additional sorter  
Additional Sorters: 51" x 31" x 13½"

### Electrical Requirements

120/240 or 120/208 V.A.C.  
3 Wire plus ground 60 cycles  
(should have sole use of 30 amp line)

### Original Materials (Input)

Punched and perforated continuous business forms 4½" x 3" to 14⅞" x 11"  
Weight: 15# to 36#

### Paper Sizes Accommodated (Output)

Pre-punched or plain cut sheet 10" x 8"  
to 13" x 8½"  
Weight: 20# bond

### Speed

40 impressions per minute

### Miscellaneous

Reduction Ratio: 77%  
Temperature Range: 60°F-90°F  
Humidity Range: 15% RH-65% RH  
Overlay Size: 14¾" x 14"
